1. Nature of the Complaint

This report serves as a formal grievance against the unethical practices observed during the land registration process. The primary issues involve the demand for illegal gratification (bribes) and the deliberate manipulation of property valuations.

2. Detailed Allegations

The following illegal activities have been identified:

- Demand for Bribes:** The Sub-Registrar and associated staff demanded an "extra-legal fee" of ₹[Insert Amount] over and above the government-mandated stamp duty and registration charges.
- Undervaluation/Overvaluation:** Document values were manipulated to benefit specific parties, resulting in a loss of revenue for the state and financial extortion of the buyer.
- Intentional Delay:** The registration of the deed was withheld without valid legal grounds, using administrative "queries" as a tactic to force the payment of a bribe.

3. Evidence and Impact

Incident Detail	Description of Impact
Financial Loss	Direct loss to the buyer due to unofficial "speed money" demands.

Revenue Leakage	Manipulation of property circles rates leads to a loss in State Stamp Duty collection.
Legal Risk	Incorrectly valued documents put the buyer at risk of future litigation or recovery notices.

4. Requests for Action

I hereby request the following immediate interventions:

1. **Inquiry:** Initiate a formal inquiry into the conduct of the concerned Sub-Registrar.
2. **Audit:** A forensic audit of all registrations handled by this officer in the last 30 days to check for valuation discrepancies.
3. **Protection:** Ensure the immediate and lawful registration of my documents without further harassment.

5. Complainant Declaration

I, [Your Name], hereby declare that the facts stated above are true to the best of my knowledge. I am prepared to provide further testimony and evidence if required by an investigating body.
